STRAIGHT COAX PLUG TO STRAIGHT COAX SOCKET BLACK 100HZ Tv'

Coaxial cable especially suitable for 100 hertz Televisions. This cable is very well shielded (>80db).
 The two ferrite filters take care of neutralizing the interference which arises in the shield of the cable.

PAGE 8:39

SCART LEADS.

21PIN SCART PLUG TO 3.5mm + SVHS + RCA PLUGS

Suitable to connect a computer to a TV. The VGA-Card in a modern computer has a Composite or S-VHS connection and the sound-card has a 3.5mm socket. Using this cable to connect the computer to the TV, you can watch your films from your computer on the TV. No difficult ways or burning DVD's just watch the film directly from the computer. Be aware that you have to configure the second signal output on the VGA-card for using this utility, otherwise you get no video signal on the TV.
